

New Parent Group - 0 through 5

Congratulations again on the birth of your new baby!!

We want to invite you to a new-parent group for parents whose children with Down syndrome are ages birth through 5-years old. We have a fun and friendly group that meets monthly. Childcare is provided and siblings are welcome. Several grandparents have started coming, also. We have a speaker each time and usually time to socialize. We really hope you will join us!

We would love to speak with you if you have questions about any of this, need information about therapy, or just want to talk about Down syndrome. We can be reached at 859-494-7809 or newparentgroup@dsack.org. You can find more information on our website at www.dsack.org.
